# KENT FESTIVAL OF SCIENCE

17TH-18TH FEBRUARY 2010

9:30am - 3:30pm

CANTERBURY COLLEGE

NEW DOVER ROAD, CANTERBURY

**THE BIGGEST SCIENCE FESTIVAL IN THE SOUTH EAST!**

# KENT FESTIVAL OF **SCIENCE**

## 2 days of fun for everyone!

This year's Kent Festival of Science features loads of attractions and events each day, and represents fantastic value for money. Come early and stay all day!

See science at work with displays from Pfizer, our main sponsor, visit a huge variety of shows, try out loads of drop in rooms and check out the Make and Take Away sessions!

The Kent Festival of Science features:

- **The Creepy Crawly Man**
- **Two Astrodomes**
- **The Amazing Bubble Show**
- **Light Fantastic**
- **The Air Show**
- **The Bird Man of Eagle Heights**
- **The Magic of Science**
- **Waterworld**

...and much, much more!

## There's too much to do in one day!

It will not be possible to see every show/demonstration in one day - there's just too much to do

Visit our website [www.sciencefestival.org.uk](http://www.sciencefestival.org.uk) for up to the minute information

**Canterbury College**  
New Dover Road, Canterbury, Kent, CT1 3AJ

Tickets will be strictly limited - to avoid disappointment advance booking is recommended.

This leaflet contains advance details which may be subject to change.

The College Refectory will be open with a range of meals and snacks.

Parking is for disabled visitors only. Park and Ride buses stop at the nearby Bus Station and the College is within 25 minutes walk of Canterbury East and West stations. To find out about bus times and routes go to the Stagecoach website at: [www.stagecoachbus.com](http://www.stagecoachbus.com)

Pfizer is the world's largest pharmaceutical company, discovering and developing innovative medicines. As a research based pharmaceutical company, science is in everything we do. We have over 12,000 scientists discovering and developing medicines for the world's most serious diseases, including cancer, heart disease, Alzheimer's and HIV/AIDS. The Kent Festival of Science will not only engage people in the excitement of science but also inspire pupils and students to become the scientists of the future.

EDF Energy is one of the UK's largest energy companies and the UK's largest producer of electricity. We generate around one fifth of the UK's electricity, employ around 20,000 people, and deliver electricity to around 8 million customer homes and businesses through our public networks.
